Summer Assignment

Session: 2024-25

Summer vacation is the most awaited time of the year in the lives of students. It gives them an opportunity to take break from their daily routine, relax and enjoy with family and friends. It is time for children to explore their myriad interests and indulge in various activities which would lead to the all-round development.

Here are a few tips for parents to act as facilitators to help children pursue their hobbies, have adventure, indulge in creativity and self-expression with development of responsibility.

- Schedule and organize the days in advance.
- Help them to indulge in fun activities, play indoor and outdoor games and plan activities and develop hobbies and interests in the fields they like.
- Teach them the importance of moral values in life.
- Cultivate reading habit in your children – it creates memories and values.
- Encourage and help your child in shouldering responsibilities in household chores. It will aid them to be independent.
- Encourage the child to speak simple sentences in English. Motivate the child to use polite words such as 'Please', 'Thank You', 'Sorry', 'May I'.
- Spend more time with grandparents and talk to them. Listen to their old stories which show their love and affection for us. Their experience teaches us a lot.
- Encourage kids to take up volunteering. They can choose to visit an old-age home or distribute food among the underprivileged.

Tell your child different stories regularly and encourage him/ her to describe what she/he would do in similar situation.
